A best-selling classic for years. Sensor's "passive ergonomics" move with you for long-term support. The multiple ergonomic features include: waterfall seat edge curves to relieve any pressure on the back of the legs, flexible outer shell that moves with you, adjustable back height to fit different body types and sizes, variable back stop that lets you set your preferred recline angle, adjustable back tension, and pneumatic seat height adjustment.

High Quality Task Chairs for Great Low Price.

These chairs have soft curves and pleasing contours provide all-day comfort. The seven independent adjustments offer support through the full range of dynamic seating postures.

Features:

- Variable back stop
- Adjustable back tension
- Seat angle adjustment
- Pneumatic seat height
- Adjustable back height
- Adjustable seat depth (optional)
